Prior to joining KPMG, Alex served as the Information Security Director at Scripps Health, a medium-size nonprofit, community-based healthcare delivery network in San Diego, California for almost 11 years. She has more than 16 years of experience in information security management and governance, security technology implementation, security process development, security incident and response, enterprise risk management, IT audit, SDLC, as well as risk assessment & management of local area networks, clinical and business applications, cloud computing, electronic commerce, disaster recovery/business continuity, badge identification and access systems, data extraction and analysis, control gap analysis, etc.

Her involvement with IT related compliance engagements include PCI, SOX, HIPAA & HITECH, CA SB 1386, and Patriot Act of 2000 legislation. Industry lines: healthcare insurance and healthcare provider, defense contracting, higher education, financial services/banking. Her current leadership focus is on strengthening the information security program in a leading healthcare organization to help further strength the enterprise's security posture to stay nimble and adaptable to the new healthcare reform requirements. Alex is the CISM Coordinator on the San Diego Chapter of ISACA Board, has served on the National University Cybersecurity curriculum development board, and leads the HIPAA San Diego Roundtable, a working group comprised of information security professionals associated with leading healthcare providers in the San Diego community. She is also an invited speaker at national and international conferences. She holds a BS in Mathematics and an MBA in finance and real estate from the Max M. Fisher College of Business at the Ohio State University.
