# Spring Tour: San Diego Museum of Art Library

Join us for a fun and informative tour of the San Diego Museum of Art Library and Archives!

The Research Library, located next to the May S. Marcy Sculpture Court and Garden is the region's largest library specializing in the visual arts. The Library's holdings comprise more than 30,000 volumes covering a wide range of art topics, with a special emphasis on Italian Renaissance, Spanish Baroque, Indian miniature painting, and Chinese art. Located inside the Research Library, the Archives are the repository for a wide range of materials dealing with the history of the Museum and of the arts in San Diego.

Ms. April Smitley, Library Services Coordinator, will conduct our tour.

NOTE: The library is not ADA accessible, and will require using stairs to access the three library floors. Please let Jackie Carmona, at [jcarmona@sdewa.org](mailto:jcarmona@sdewa.org), know if you need accommodations, so we can request a few tour modifications in advance.

*Thank you to our 2017-2018 ARMA San Diego Sponsors!*
