Join us for a tour of the California State University San Marcos Brewchive®!

The Brewchive®, founded in 2017, preserves San Diego craft brewing industry history through documents, realia, images, and oral histories. This is one example of the CSUSM Special Collections involvement and support of the local community as part of the University's Mission. (<https://archives.csusm.edu/brewchive.>) Sample of collections include the Greg Koch/Stone Brewing papers (focusing on the early years), Mujeres Brew House papers (first Latina-owned brewery in San Diego), and a doossier collection of every San Diego brewery starting in 1868 (assembled by the curator.)
